

About the Wiki

The [Transport Fever 2](#) Wiki is a collaborative work of the Transport Fever 2 development team at [Urban Games](#) and the Transport Fever 2 community. The Wiki aims to explain basic gameplay mechanics, but also provide advanced tips and tricks as well as background information about features and modding. We endeavour to keep the contents correct and up-to-date.

If you have suggestions, found some errors or want to contribute directly to the Wiki, please refer to the [How to contribute page](#). The [changelog](#) contains a history of changes in the Wiki.

If you like to get in contact, use the [contact form](#) and see the [press page](#) if you're interested in covering the game in the media.
